

## **Bowling Party Information**

### **Length:**

Bowling parties are 2 hours long, the 1<sup>st</sup> hour being the 1 hour of bowling and the 2<sup>nd</sup> hour for pizza, cake, gifts, arcade, etc. If you would like to add an additional hour of bowling to your party it is an additional \$5 per person.

### **Start Time:**

Your Bowling party will start at the time you have scheduled it for with a 15 minute allotment to come in early for set up and a 10-minute grace time to get names in the system. For example, if you have a 2pm birthday party, you can arrive as early as 1:45pm and your bowling can start as late as 2:10pm. If you are not ready by the 10 after mark, we will be turning your lanes on regardless. We do have other events usually behind you.

### **Tables and Chairs:**

You will have the amount of space as you have bowlers. If you have 10 bowlers, you will have table and chair space for 10 people. If you are planning to have parents or family attend as well, we will need to know ahead of time so we can make sure we have enough space.

### **Lanes:**

We put no more than 6 people per lane. The lanes assigned to you is your party area, as we do not have party rooms. We request that you stay in your party area in the lanes we have assigned to you due to other parties that could be next to yours.

### **Final Head Count:**

We will need a final head count of the amount of people you will have bowling in your event 72 hours before your event. Failure to give an accurate head count can result in not having enough space for your group.

### **Food and Beverages:**

Your party package includes 2 slices of pizza per person. Depending on how many people you have for your event will determine how many pizzas you will get. Our large pizzas are 10 slices. You will get pitchers of soda or lemonade, 1 pitcher for every 5 guests. The only outside food you are allowed to bring in would be the dessert you chose for your event. Also, if anyone has any food allergies and we cannot accommodate, you are welcome to bring in special food for the guests with food allergies. If you are looking for any other food, please see our event menu as we have many more options.
